paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 207 Publisher: Machinery Industry Pub. Date :2011-09-01 version 2. Zhang Yan pure editor of the Experimental Physics (2nd Edition) is based on the physical basis of the Ministry of Education Curriculum Sub-Committee to guide the development of universities of science and engineering physics experiment teaching basic requirements . in recent years to fully absorb my school physics experiment teaching and curriculum reform based on the results. by part of the original materials to modify and supplement the re-written. College Physics Experiment (2nd Edition) according to the needs of different levels of teaching. divided into six parts. focusing on the introduction. the basic experiment. a comprehensive experimental. design of experiments. a total of 44 experiments. In addition. the material also in college physics experiment teaching center sites and physical simulation laboratory for the platform. incorporated into the simulation. Material in this appendix the basic physical constants and the International System of Units and so on. The materials for the professional engineering institutions of higher education textbooks or reference books. Contents: Preface Chapter 1 Introduction 1.1 physics experiment's status. purpose and requirements of 1.2 and the error of measurement uncertainty and the measurement results 1.3 1.4 Expressions 1.5 effective number of experimental data processing method in Chapter 2 based experiments measuring the density of objects in Experiment 1 Experiment 2 measured on the air track speed and acceleration of the slider 3 experimental determination of torsion moment of inertia of the object of experiment 4 thermocouple calibration and temperature coefficient of linear expansion of solid experimental 5 Determination of 6 heat pipes and experimental performance testing experiment 7 galvanometer of the characteristics of the modified test and calibration of...
