### **Reviews**

*Completely essential read publication. It is really basic but excitement in the fifty percent of the book. You will not really feel monotony at anytime of your respective time (that's what catalogues are for about in the event you ask me).*

Excerpt: . . . 9 our area of the country, we are steadfast in our commitment to re-form healthcare, which should start with expanding coverage for all. And we commend President Obama for making healthcare re-form a top priority. Hospitals have been early and ardent supporters of efforts to make healthcare more affordable. We have worked to increase the focus on wellness and prevention, better coordinating care, utilizing comparative effectiveness research, moving towards the adoption of information technology, creating alternative liability systems and reducing administrative costs. However, we urge Congress to carefully consider the impact that it will have on all hospitals, including the small and rural facilities. There are three main characteristics that differentiate the small and rural hospitals: our small size and volume, our geographic iso-lation, and the type of population that we serve. First, lower pa-tient volumes in rural hospitals mean that our financial position is more volatile which complicates our abilities to position ourselves, develop accurate long-range financial plans and contingency plans. As a result, were less able to weather the financial fluctuations, especially in todays economy. Next is geographic isolation. Rural communities across the coun-try are self-contained and far from population centers and other healthcare facilities. In my case, the closest hospitals are more than 30 miles away to the west of us, across the mountains, and 25 miles to the east of us. Moreover, public transportation is prac-tically non-existent. For many rural residents preventive, post-acute, and other services may be delayed or forgone, ultimately in-creasing the overall cost of care. Finally, Americas rural areas tend to have higher proportions of Medicare patients. For example, Medicare accounted for...
