Reviews

A top quality publication and also the font employed was interesting to learn. It is really simplistic but excitement within the fifty percent from the book. Its been designed in an remarkably basic way in fact it is only following i finished reading this pdf where in fact changed me, modify the way i believe.

Springer Publishing Co Inc. Paperback. Book Condition: new. BRAND NEW, Nurses with Disabilities: Professional Issues and Job Retention, Leslie Neal-Boylan, Awarded second place in the 2013 AJN Book of the Year Awards in the Professional Issues category "This book is a must for all healthcare managers, recruitment, occupational health, human resources and for all nurses working within the healthcare setting to gain a full understanding and dispel the myths and misconceptions surrounding disability. It should be on all student nurses reading lists."--Nursing Times "This book will provide nurses with the information to make objective and fact based assessments. Moreover, it will arm nursing professionals with an understanding of how the issue of disability is affecting workforce supply in nursing, how accommodations can provide assistance to individuals with disabilities, and how a balanced and thoughtful approach can allow nursing professionals to function to their fullest." Geraldine Polly Bednash, PhD, RN, FAAN Chief Executive Officer/Executive Director American Association of Colleges of Nursing "[This book] has brought together information and real-life experiences of nurses who have disabilities. It will serve as an invaluable source of information on the impact of disability on the employment and retention of registered nurses." Suzanne C. Smeltzer, EdD, RN, FAAN Professor and Director, Center for Nursing Research Villanova University College of Nursing This is the first research-based book to confront workplace issues facing nurses who have disabilities. It not only examines in-depth their experiences, roadblocks to successful employment, and misperceptions surrounding these nurses, but also provides viable solutions for creating positive attitudes towards them and a welcoming work environment that fosters hiring and retention. From the perspectives and actual voices of nurses with disabilities, nurse leaders, nurse administrators, and patients, the book identifies nurses with disabilities (including sensory, musculoskeletal, emotional, and mental health issues), discusses why they choose to...
